AGENDA MEMORANDUM

To: Board of Directors

From: Hope Atmore, Assistant General Manager

Subject: Appointment of Representative to Local Chapter CSDA

Date: December 19, 2024

The District is a member of the California Special Districts Association (CSDA) and annually appoints a director to serve as the CSDA representative to the San Mateo County Chapter. The local chapter generally meets four times per year, and the District Representative is expected to attend the meetings and report back to the board.

The chapter has been dormant for some time but there is an attempt to revive the group. The current District Representative is Director Grant and Director Randle serves as alternate.

The appointed representative may also select an alternate to attend the CSDA meetings if he or she is unable to attend.

I have attached some general information regarding the CSDA and the local chapter contact information for your review.

About CSDA

The California Special Districts Association (CSDA) is a 501c(6), not-for-profit association that was formed in 1969 to promote good governance and improved core local services through professional development, advocacy, and other services for all types of independent special districts.

CSDA provides education and training, insurance programs, legal advice, industry-wide litigation and public relations support, legislative advocacy, capital improvement and equipment funding, collateral design services, and, most importantly, current information that is crucial to a special district's management and operational effectiveness.

The San Mateo Chapter was formed first formed in 1984 with the goal of providing a forum for the exchange of ideas with the public and other agencies, to encourage communication with the San Mateo Local Agency Formation Commission (LAFCo) and the Board of Supervisors, to foster legislation that benefits the delivery of services to people, to amplify the ability of district representatives to serve on board and commissions throughout the county and to maintain a liaison with the California Special Districts Association. Then, in 2017, the group formally affiliated with the California Special Districts and has continued to be the voice of special districts throughout the county, while providing greater facilitation of information from CSDA to Chapter members.

GRANADA COMMUNITY SERVICES DISTRICT

AGENDA MEMORANDUM

To: Board of Directors

From: Hope Atmore, Assistant General Manager

Subject: Parks and Recreation Updates

Date: December 19, 2024

- Level 1 Drawing Class to start January
- Waiting for use agreement from Half Moon Bay Library to cover possible story time and older adult craft class.
- In discussions for spring classes in sewing, meditation.
- Staff plans to participate in the Harbor District Boat Lighting event on December 14, 2024 to share information and raise community awareness about the District and the parks and recreation opportunities.
- Following the last meeting of the board, Director Dye assessed the snail situation on the strip and determined that the numbers were not significant enough to warrant a volunteer day in December. The situation will be reassessed in January and plans will be made as needed.

AGENDA MEMORANDUM

- To: Board of Directors
- From: Jen Randle, Director
- Subject: Formation of Ad Hoc Committee to Assess Community Interest in a Community Recreation Center

Date: December 19, 2024

Based on previous board discussions and community comments, I am proposing the formation of an ad hoc committee to assess the community's interest in a community recreation center. The District is committed to serving the diverse needs of its residents and fostering community engagement, and the proposed community recreation center aims to serve as a hub for recreational, cultural, and social activities. The establishment of a community recreation center would necessitate a change in the use of existing facilities, including the potential discontinuation of the privately owned preschool operations currently housed in the proposed recreation center. The Board of Directors seeks to ensure that any decision regarding the establishment of a community recreation center is informed by the views and preferences of the District's residents and ratepayers and that the process promotes transparency and inclusivity through direct engagement of the entire community.

I would suggest that the ad hoc committee consist of two board appointed members, district staff, and possibly other district resident representatives as deemed appropriate. Through various methods including online, print, and events, the committee would conduct a wide-reaching 30-day survey to gauge community interest and gather input on priorities and concerns, including a community recreation center and the potential impact on the private preschool. At the close of the survey period, the ad hoc committee will compile and analyze survey responses and present a report of the findings to the GCSD Board and public.

This board reaffirms it commitment to fostering open dialogue with the community and ensuring that resident input is a cornerstone of the decision-making process.

Subject: Draft Update to the District Bylaws

Date: December 19, 2024

The District Bylaws are being updated to provide an outline and clarification on the scope, duties, and responsibilities of the Granada Community Services District Board, board self-governance, oversight of staff, and staff roles and responsibilities. Government Code 61045 stipulates that the board of directors of a special district shall adopt rules or bylaws for its proceedings. Additional policies and procedures governing other aspects of the district's operations are found in the GCSD Policies and Procedures manual. Typically, bylaws encompass matters pertaining to how the board governs itself and its proceedings and also:

- Helps define the organization and its powers and responsibilities
- Lays out the governing rules and methods of proceedings for board and staff
- Explains roles, duties, and responsibilities of directors and the General Manager
- Serves as orientation material for new directors

The attached draft of the updated Bylaws incorporates some items and topics that were addressed in the District Ordinance Code and/or the District Policies and Procedures Manual, but more appropriately belong in these Bylaws. We will be bringing back updates to the Policies and Procedures manual next, followed by updates to the District Ordinance Code later in the spring/early summer.

Memorandum

To: Granada Community Services District

From: John H. Rayner, District Engineer

Subject: Engineer's Report for December 2024

6-Year CIP, Project 3

CIP, Project 3 is the next and final project of the 6-Year CIP approved by the Board in 2019. Because of the combination of recent higher construction costs and SAM's increased 5 Year CIP, GCSD's CIP Project 3 has been delayed.

Pillar Point Harbor Sewage Meter

The Harbor District hired an inspector to report on the meter's installation and its high flow readings. The inspection report confirmed that the flow meter provides accurate flow readings. However, as previously reported, the meter's Class 1, Division 2 rating does not meet the requirements of the National Fire Protection Association (NFPA) Code for installation in the existing sewage wet well unless sufficient mechanical ventilation is added.

SAM's Meeting with Member Agency Managers & Engineers re SAM's Montara FM

SAM staff recommended and the SAM Board approved at its November meeting the selection of the McGuire and Hester Team to provide progressive design build services for replacement of SAM's Montara Force Main.

SAM's 5 Year CIP

The 5 Year Capital Improvements Plan was approved by the SAM Board at its November meeting. The plan includes projected capital expenditures over the next 5 fiscal years of \$18.7 million versus an initial target of \$13.5 million. The increase was primarily due to the need to replace SAM's Montara force main.

Naples Beach. Phase 2 Easement

About 275' of 8" sewer on this project was constructed on State Parks property without a GCSD easement. Access for GCSD to construct the sewer was authorized by a State Parks Right of Entry permit, as efforts to secure an easement prior to construction were unsuccessful. Now that the sewer has been constructed, we'll be working again with State Parks staff to secure a permanent GCSD easement for this sewer.

Big Wave Connection

Representatives of Big Wave have asked for permission to connect the Wellness Center Building to the GCSD sewer system. GCSD staff have advised Big Wave that before connecting all outstanding engineering fees will need to be reimbursed to GCSD and the additional information requested by GCSD for Big Wave's onsite sewers will need to be provided.

GRANADA COMMUNITY SERVICES DISTRICT

MINUTES BOARD OF DIRECTORS REGULAR MEETING AT 7:00 p.m.

November 21, 2024

This meeting was held in person and via Zoom.

CALL REGULAR MEETING TO ORDER.

The regular meeting was called to order at 7:00 p.m.

ROLL CALL

President Nancy Marsh, Director Matthew Clark, and Director Barbara Dye. Director Jill Grant participated via teleconference pursuant to Government Code Section 54953(b). Director Jen Randle was absent.

Staff: General Manager Chuck Duffy and Assistant General Manager Hope Atmore. District Counsel William Parkin participated remotely.

GENERAL PUBLIC PARTICIPATION

Elizabeth Andrews as legal counsel for Picasso Preschool stated that she has requested a meeting with GCSD legal counsel regarding the Picasso lease. Mr. Parkin stated that he would be reaching out in the next day to schedule. Will Plaxico presented his concerns regarding lack of preschool capacity on the Coast and stated that he thinks GCSD has an obligation to assist the school in relocation. Director Marsh stated that Director Randle would be bringing a plan to the December meeting for an ad hoc committee to investigate the issue.

REGULAR MEETING AGENDA

- Review of Recology Rate Increase for 2025 Mr. Duffy reviewed the cost-based increase proposed by Recology and stated that Recology had reduced the increase from 10% to 6%. Recology General Manager Glen Bongi explained that the increased costs are due to higher disposal rates at Ox Mountain landfill, increased organics processing, and purchase of new vehicles due to new emissions standards.
- 2) Resolution of Appreciation for Director Matthew Clark Director Marsh thanked Director Clark for his support of the Parks Advisory Committee and for his role on the SAM board. Mr. Duffy thanked Director Clark for his long tenure on the board, and his clarity on the issues considered by the District and SAM over the years. Director Dye commented on Mr. Clark's role in transforming the original sanitary district into a community services district with parks and recreation powers.

Former GCSD Assistant General Manager Delia Comito commended Director Clark for his work on the GCSD board and the SAM board. Mike O'Neill, representing Supervisor Mueller's office, presented Mr. Clark with a resolution from the San Mateo County Board of Supervisors. Former Director Fran Pollard congratulated Mr. Clark and thanked him for his years of service. Director Dye presented Director Clark with GCSD Resolution 2024-06 recognizing his many accomplishments and service for the district. Director Clark thanked the many board members and staff with whom he has worked over the past 21 years.

ACTION: Director Dye moved to approve Resolution 2024-06. (Dye/Marsh). Approved 4-0.

3) Parks and Recreation Activities

- a. Report on Planned Recreation Program Events Ms. Atmore reminded the board that the bookmobile continues to visit El Granada twice monthly, a Level 1 Drawing Class will begin in January, the Harbor District will be holding their annual boat lighting event, Recology Recycling Days for 2025 have been scheduled, and there is still discussion to have collaborative classes with the Half Moon Bay Library. Ms. Atmore also stated that she and Director Dye recently cut the seed heads off the Jubata grass that is present on the park property. Director Dye updated the Board on the El Granada Elementary School Coastside Land Trust Junior Land Stewards program.
- 4) Engineer's Report Mr. Duffy reported that Ms. Atmore and a representative from Kennedy Jenks attended the SAM interview sessions for the three progressive design build firms who responded to the RFP for the SAM force main project in Montara, and that SAM staff would be making a recommendation at the next SAM board meeting.
- 5) Report on Sewer Authority Mid-Coastside Meetings Director Dye stated that SAM had received a preliminary grant from FEMA for \$3 million to assist in moving the SAM plant electrical building to higher ground to prevent flooding of the building. Mr. Duffy stated that his recollection is that moving the electrical building at the SAM plant would cost in the neighborhood of \$20 million, and that there were potentially more cost effective options to protect the building from flooding that were discussed at the last managers and engineers meeting.
 - **a.** Report on proposed SAM 5 Year Capital Improvement Program Mr. Duffy reviewed the proposed SAM 5 Year CIP, and said that the first three years are focused on the SAM force main project in Montara as required by the 2019 judicial consent decree between SAM and ERF. The remaining years generally address the proposed Montara and Portola pump station generator and meter projects, as well as a proposed replacement of the Princeton pump station force main. Mr. Duffy suggested that as shown on his attached spreadsheets, moving the generator projects out one year, and the meter projects out two years, would smooth out the CIP costs to the member agencies to adhere more closely to the \$2.5M yearly CIP target ceiling previously agreed to. He also stated that the Princeton Pump Station Force Main Condition Assessment report commissioned by SAM in 2020 stated that the Princeton force main was in sound condition and should last at least another 30 years. The report recommended not replacement, but rather a condition re-assessment in 10 years. Director Marsh remarked that

she could not reconcile the condition assessment report's conclusion with the forcemain replacement recommended by SAM. Directors Dye and Clark agreed that they would recommend the revised CIP funding schedule suggested by Mr. Duffy at the next SAM board meeting.

Delia Comito stated that as a ratepayer she is concerned with the lack of spending controls in SAM's 5 Year CIP plan, and that she encouraged the District's SAM representatives to support Mr. Duffy's proposal at the SAM board meeting.

CONSENT AGENDA

- 6) October 17 Regular Meeting Minutes.
- 7) November 2024 Warrants.
- 8) September 2024 Financial Statements.

ACTION: Director Clark moved to approve the Consent Agenda. (Clark/Dye). Approved 4-0.

- 10) Attorney's Report. (Parkin)
- 11) General Manager's Report. (Duffy)
- **12)** Administrative Staff Report Ms. Atmore stated that she attended the El Granada CERT meeting to remind the public that they should not connect rainwater drains and downspouts to sewer laterals.
- **13)** Future Agenda Items Director Marsh stated that the proposed discussion on an ad hoc committee investigating the proposed community recreation center in relation to a continuing preschool would occur at the December meeting, and that a discussion on addition of CSD powers would wait until that ad hoc committee had time to gather information.

Subject: Update on San Mateo County Leadership CORPS Program

Date: December 19, 2024

The Leadership Council San Mateo County offers a 10 month professional development program that is focused on the issues, challenges, and opportunities specific to San Mateo County. I was thrilled to be accepted into the program and am finding it personally and professionally beneficial. The Leadership Corps cohort of approximately 40 people includes elected officials and staff from various cities and unincorporated areas of the county, leaders of small to large nonprofits, and private business leaders from around the county. Each month a different topic is covered while also having some time spent on personal/professional development. Below is an overview of topics covered to date.

- September 12-13 Opening session. SMC County Executive Mike Callagy presented an overview of county initiatives, discussed county budgets, and current county challenges. Day 1 leadership coaching focused on goals and purpose. Day 2 concentrated on future thinking and inclusion. (Burlingame Community Center).
- October 18 Building Healthy Communities. The second workshop focused on social determinants of health, and disparities in public health, and inclusive research. Keynot speaker was Quita Highsmith, VP and Chief Diversity Officer of Genentech. (Genentech, South San Francisco).
- November 15 Economic Development Day. Speakers included Executive Director of the Bay Area Council Economic Institute and President and CEO of SAMCEDA. Discussion focused on current economic trends in the county and potential future trends. Additional discussion of AI in governance and how it will impact the economy in San Mateo County. Personal/professional development concentrated on empathy mapping and problem statements. (Community Activities Building, Redwood City).
- December 6 SIMSOC. Immersive simulated society exercise facilitated by Leadership on the Move. This day combined the Leadership CORPS and Emerging Leaders cohorts and was an exhaustive full day society development and coordination.

I will provide another summary at the end of the program in June.

SPECIAL NOTES: The San Mateo County Harbor District will be painting and replacing the flooring in their offices on the second floor as well as all common spaces in the building from December 23 to January 14. As such, access to GCSD offices will be limited and they have recommended remote work (their staff will be remote the entire time). We have asked that they prioritize common spaces so that we can return to the office by January 6, 2025. GCSD staff will be working remotely from December 23 through January 3, 2025.
