

**COUNTY OF
SAN MATEO**

Public Works 2026 Pavement Preservation Project

San Mateo County Public Works will be using the GCSD dirt lot as a staging area for the 2026 Pavement Preservation Project from September 14 to approximately September 21, 2026. During this time, roughly half of the lot will be blocked off during the week and approximately one quarter of the lot will be blocked off on the weekends. Please use extra caution when parking, pay attention to cones, and do not walk in and around the trucks and equipment.

The pavement project will be addressing maintenance and repairs in Miramar and Montara including the streets shown below. For further information on the affected streets and scheduling, click [HERE](#) or on the images below.
