AGENDA MEMORANDUM

To: Board of Directors
From: Chuck Duffy, General Manager
Subject: Public Hearing: Consideration of a Sewer Service Charge Increase and Related Fee Resolution in Accordance with Articles XIII C and D of the California Constitution (Proposition 218)
Date: August 4, 2022

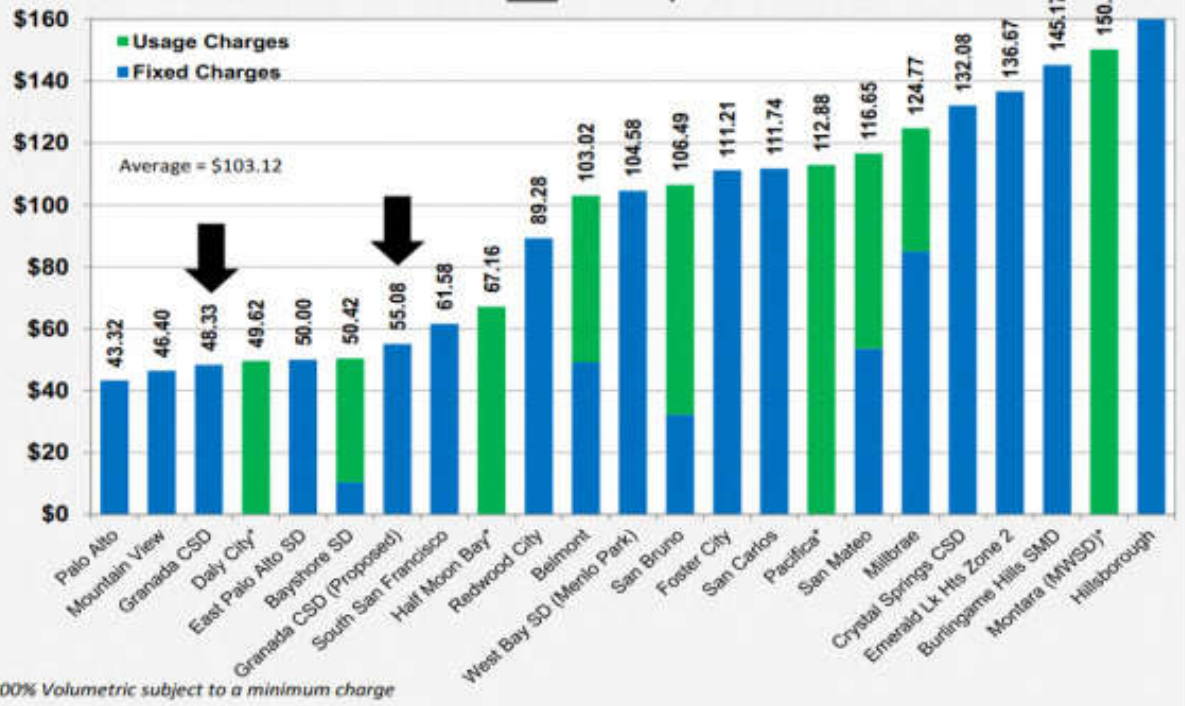

At our past board meeting, I presented a broad look at the Fiscal Year 2022/23 through 2024/25 Sewer District budget and corresponding proposed sewer service charge (SSC) for the next three fiscal years, along with the Sewer Service Charge Study Report prepared by Bartle Wells Associates. The report proposed an increase for each of the next three years as follows: FY 2022/23 - \$660 per ERU, FY 2023/24 - \$755 per ERU, and FY 2024/25 - \$860 per ERU. Even with this increase, the District's rates would still be much lower than 2/3rds of area districts, as shown on the attached graph on the next page. This increase is needed to fund District operations and our capital maintenance program, as well as fund the District's share of the Sewer Authority Mid-Coastside operations and capital program, which comprises over 65% of the District yearly costs.

- SAM has undertaken an infrastructure maintenance program which is projected to cost approximately \$2.5 to \$3.0 million per year for at least the next 5 years. GCSD's share of that program will average about \$600,000 per year.
- Repair and replacement of collections system components – The District's aging sewer system needs continual repair and replacement. Some of our sewer mains date back to 1920, and pose the potential to cause spills based on offsets in the pipe joints, and root intrusion through cracks and joints. Funding for this program will average about \$250,000 per year. The projects will be bundled into two year increments for ease of construction and cost savings.
- As decided by the board last year, District property tax revenues have been allocated solely to the Parks and Recreation Budget.
- Also of note is the Assessment District will complete the refunding of the money the general sewer district provided for the initial startup of the AD back in 1996. This will reduce Non-Operating revenues by approximately \$300,000 per year beginning with fiscal year 2023/24.

The Proposition 218 process required that the District send a mailer to each ratepayer outlining the proposed new fee structure, and outlines a process for which ratepayers can comment or present written objections to the fee. This mailer was sent out on June 15. Your board is required to hold a public hearing to consider the proposed SSC increase and all objections received. Depending on the outcome of that hearing, your board will then vote on the proposed sewer service charge increase. Attached to this memo is: 1) the Sewer Service Charge Fee Resolution; 2) The Bartle Wells Associates Sewer Service Charge Study Report; 3) the Proposition 218 Notice mailed to ratepayers. Staff will provide any protest letters received under separate cover.

GRANADA COMMUNITY SERVICES DISTRICT

RESOLUTION NO. 2022-11

FEE RESOLUTION APPROVING RATE SCHEDULE FOR THE GRANADA COMMUNITY SERVICES DISTRICT SEWER SERVICE CHARGE

The Board of Directors of the Granada Community Services District (“District”) finds and determines as follows:

WHEREAS, the District contracted for a sewer service charge rate study as prepared by Bartle Wells Associates in order to calculate the District’s cost of providing sewer service for fiscal years 2022/23, 2023/24, and 2024/25; and

WHEREAS, all due and proper notice of the proposed rate increase has been given in accordance with the provisions contained in Articles XIII C and D of the California Constitution (Proposition 218) and related implementing legislation; and

WHEREAS, the Board of Directors has conducted a noticed public hearing on the proposed rate increase and has counted all legally submitted protests thereto and found that no majority protest has been made;

NOW, THEREFORE BE IT RESOLVED by the Board of Directors of the District that in consideration of the foregoing findings and determinations, the sewer service charge for fiscal years 2022/23, 2023/24, and 2024/25 shall be in accordance with the rate table and provisions listed on Exhibit A attached hereto.

The above and foregoing Resolution was duly and regularly passed and adopted at a meeting of the Board of Directors of the District held on the 4th day of August, 2022, by the following vote:

- AYES, and in favor thereof, Members:
- NOES, Members:

EXHIBIT A

Annual Sewer Service Charge (SSC)

A. Residential Customer Sewer Service Charge. The flat rate sewer service charge for the fiscal years listed below, commencing July 1 of each year, shall be as follows:

Residential	FY 2022/23 SSC Rate	FY 2023/24 SSC Rate	FY 2024/25 Rate
Flat Rate Per Residence (ERU)	\$660	\$755	\$860

The residential rate for FY 2024/25 as stipulated in the table above shall continue in effect in subsequent fiscal years until this resolution is amended, repealed, or superseded.

B. Commercial Customer Sewer Service Charge. The sewer service charge for the fiscal years listed below, commencing July 1 of each year, shall be as follows:

Commercial Rate per Hundred Cubic Feet (HCF) of Annual Water Usage	FY 2022/23 SSC Rate (per HCF)	FY 2023/24 SSC Rate (per HCF)	FY 2024/25 SSC Rate (per HCF)
Restaurant	\$12.30	\$14.02	\$15.98
Motel/Hotel	\$9.71	\$11.07	\$12.62
Office	\$5.47	\$6.24	\$7.11
Schools	\$5.56	\$6.34	\$7.23
Medical	\$5.81	\$6.62	\$7.55
Other Non-Residential	\$6.38	\$7.27	\$8.29

Notwithstanding the foregoing commercial rates, in no event shall an annual commercial customer sewer service charge be less than the current year’s Residential Customer Sewer Service Charge for each of the above-described establishments. The commercial rates for FY 2024/25 as stipulated in the table above shall continue in effect in subsequent fiscal years until this resolution is amended, repealed, or superseded.

The term “Annual Water Usage” is defined as the total metered water consumption for the user’s premises (measured in hundreds of cubic feet) for the preceding 12-month period ending on March 30 of each year, or such other 12-month period as determined by the District to be representative of the user’s water consumption.

These rates were developed to reflect typical water use, biochemical oxygen demand, and suspended solids concentration in the wastewater for various classes of commercial users. If the quality of discharge from any user is of such character that in the opinion of the District's Engineer such discharge shall impose a more than normal maintenance burden on District's system, the user contributing such discharge shall pay a service charge to be determined by the District to reflect the atypical characteristics of the user's waste.

C. Industrial Customer Sewer Service Charge. The sewer service charge for industrial customers each fiscal year, commencing July 1 of each year, shall be as determined by the District on a case-by-case basis taking into account the volume of wastewater discharges, loading factors for biochemical oxygen demand, chemical oxygen demand, suspended solids, and other relevant factors.

Dear Ratepayer,

Pursuant to the requirements of Proposition 218 (Article XIID of the California Constitution) and related implementing statutes, NOTICE IS HEREBY GIVEN to you that a public hearing will be held by the Board of Directors of the Granada Community Services District (GCSD) on the date and at the time and place specified below to consider rate increases for sewer service charges. At the hearing, all written protests and other comments of persons interested in the subject matter will be considered.

Notice of Public Hearing Regarding Proposed Increases in Rates for Sewer Service

A public hearing on proposed rate increases for sewer services will be held by the Granada Community Services District Board of Directors on:

Date: Thursday, August 4, 2022

Time: 6:30 p.m.

Place: The District Office at 504 Avenue Alhambra, 3rd Floor, El Granada, California 94018, or via teleconference Zoom meeting without a physical location depending on the state of the COVID emergency regulations and meeting restrictions.

Protecting public health and safety, and the environment, through effective sewer service is a fundamental responsibility of the Granada Community Services District. The purpose of the sewer service charge is to collect revenue for the costs of operation, maintenance, repair, replacement, and construction of the District's wastewater facilities used for the collection and treatment of wastewater. The sewer service charge includes the District's share of the cost of operations, maintenance, and capital improvements of the Sewer Authority Mid-Coastside's wastewater treatment plant and system, and for other expenditures deemed necessary by the District in order to conduct the business of the District, except to the extent prohibited by Sections 5471 and 6520.5 of the California Health and Safety Code (generally acquisition or construction of additional local street sewers or laterals which are an augmentation to an existing sewer system). The proposed sewer service charges were calculated by the District in order to evenly spread applicable costs amongst sewer users according to the cost of providing service to that user.

The major reasons driving the proposed sewer service charge rate increases are:

- Increased costs at the Sewer Authority Mid-Coastside (SAM) – SAM operates the Sewer Treatment Plant and Intertie Pipeline System which enable conveyance and treatment of the District’s sewage to a level suitable for safe disposal. Costs at SAM represent over 65% of the District’s total costs, and have increased substantially over the past several years due to operational increases and capital projects necessary to protect the public health and safety and comply with government regulations.
- Repair and replacement of District collections system components – The District’s aging sewer system needs continual repair or replacement. Older sewer mains pose a potential for spills due to offsets in the pipe joints, root intrusion, or cracks in pipes.
- The District board has allocated the District’s share of property tax received to the parks and recreation function of the District, rather than split between the parks and recreation and sewer function as had been previously done.

With the proposed increases, GCSD’s sewer rates are still low in comparison to other sewer service providers in the County, as shown on the graph below. Also listed below are the District’s residential rates for the past 8 years.

Protest Procedures:

At the Public Hearing noticed above, the Granada Community Services District Board of Directors will consider public comment as well as written protests by ratepayers and property owners against the proposed increases to sewer service charges. Any person may appear at the public hearing and be heard on any matter related to the proposed increase in rates.

Written protests must be signed by the property owner responsible for payment of the charges and it must include the assessor's parcel number (APN). Mailed protests or delivered protests must be received by the Board of Directors or its District Secretary on or before the close of the Board's public hearing on August 4, 2022. If you wish to mail a written protest, please send it in a sealed envelope addressed to: Granada Community Services District, P.O. Box 335, El Granada, CA 94018; *ATTN: SEWER SERVICE CHARGE INCREASE*. Protests may also be hand delivered to the District office located at 504 Avenue Alhambra, 3rd Floor, El Granada, CA.

If written protests are presented by a majority of affected property owners prior to the close of the public hearing, the Board of Directors cannot adopt the proposed rate increases.

The Granada Community Services District is committed to providing quality service, a safe, efficient sewer system, and protecting the ocean and harbor waters, while controlling costs. The District will continue its mission to serve the community, and to operate in an economical and environmentally responsible manner.

GRANADA COMMUNITY SERVICES DISTRICT

AGENDA MEMORANDUM

To: Board of Directors
From: Delia Comito, Assistant General Manager
Subject: Public Hearing: Consideration of a Resolution Adopting the Sewer Service Charge Report and Delinquent Garbage Account Report and Authorizing the Collection of Said Charges on the FY 2022/23 Tax Roll
Date: August 4, 2022

Attached is the Sewer Service Charge Report and Delinquent Garbage Account Report for the 2022/23 fiscal year tax roll, and the corresponding Resolution.

All premises connected to the District’s wastewater system are subject to the sewer service charge. The amount of the charge has increased from \$580 to \$660 per dwelling for residential customers, and as the minimum charge for non-residential customers, who are otherwise charged based on annual metered water consumption for the user’s premises (measured in hundreds of cubic feet) for the preceding 12-month period ending on March 30th.

The sewer service charges listed in the report for assessment on the County tax roll total \$2,123,016.41. This is an increase of \$317,909.08 over last year’s assessment. Pursuant to the provisions of Division 5, Part 3, Chapter 6, Article 4, of the Health and Safety Code of the State of California, the revenues derived from the charges will be used for the acquisition, construction or reconstruction, maintenance and operation of sanitation or sewage facilities of the District.

The Delinquent Garbage Account Report represents unpaid balances for garbage collection services provided between April 1, 2021 to March 31, 2022. The District collects the amount assessed on the tax roll from the County, and pays it to Recology in the form of a pass-through. Recology’s General Manager has certified that the information contained on the delinquency list is true and correct.

The District is required to hold a public hearing to receive public comment and to consider any objections or protests regarding the charges contained in the report. As of the writing of this memorandum, no comments or protests have been received by the District.

Upon the conclusion of the public hearing, staff recommends Board approval to adopt the Sewer Service Charge Report and Delinquent Garbage Account Report and authorizing the collection of said charges on the FY 2022/23 tax roll and the corresponding resolution. Upon adoption of the resolution, it will be filed with the Controller of the County of San Mateo in accordance with the provisions of Sections 5473.5 through 5473.11 of the Health and Safety Code of the State of California.

RESOLUTION NO. 2022-__

**RESOLUTION ADOPTING SEWER SERVICE CHARGE REPORT AND
DELINQUENT GARBAGE SERVICE CHARGE REPORT, AND
AUTHORIZING COLLECTION OF SAID CHARGES
ON THE 2022-2023 TAX ROLL**

The Board of Directors of the Granada Community Services District (“District”) finds and determines as follows:

1. The District has adopted a budget for the fiscal year beginning July 1, 2022;
2. The District has adopted by ordinance an annual rate for sewage service charges according to the classification of uses;
3. A written report was prepared and filed with the District Secretary pursuant to District Ordinance Code Section 700(11)(B), containing a description of each parcel of real property with premises connected to the District’s wastewater system (unless exempt pursuant to Section 501(02) of Article V of the District Ordinance Code). The written report also contains the charge for each such parcel for the fiscal year beginning July 1, 2022;
4. A written report was prepared and filed with the District Secretary pursuant to District Ordinance Code Section 303(03), containing a description of each parcel of real property being delinquent in payment of charges for mandatory garbage service and the delinquent charge for each such parcel as of March 31, 2022;
5. A notice of the filing of the report and of a public hearing for August 4, 2022, at 7:30 p.m. via teleconference was published as required by Health and Safety Code section 5473.1 and Government Code section 6066;
6. At the duly noticed and teleconferenced public hearing on August 4, 2022, the Board heard and considered all objections or protests, if any, to the written report regarding the sewer service charges and the written report regarding delinquent payment of garbage service charges.

IT IS RESOLVED, found and determined by the Board of Directors of the Granada Community Services District as follows:

1. The sewer service charges for each parcel contained in the written report thereof were computed in conformity with the rates prescribed by the District Ordinance Code for sewer service charges;

2. The delinquent charges for mandatory garbage service contained in the written report thereof are accurate;
3. The final sewer service charge report, a copy of which is attached to this resolution, is adopted and approved;
4. The final delinquent garbage service charge report, a copy of which is attached to this resolution, is adopted and approved;
5. The District elects to have the said sewer service charges for the forthcoming fiscal year, and the delinquent garbage service charges, collected on the County of San Mateo tax roll, by the same persons and at the same time as, together with and not separately from, the general taxes.
6. The Controller of County of San Mateo is authorized to enter the amounts of the charges shown on the sewer service charge report and the delinquent garbage service charge report against the respective lots or parcels of land as they appear on the current assessment roll. Where any such lots or parcels are outside the boundaries of the District, they shall be added to the assessment roll of the District for the purpose of collecting such charges. If any property appearing on said reports is not described on the assessment roll, the Controller is authorized to enter the description thereon together with the amounts of the charges.
7. The District Secretary shall cause a true copy of this resolution to be delivered to the Controller of the County of San Mateo.

I hereby certify that the foregoing is a full, true, and correct copy of a resolution duly and regularly adopted and passed at a meeting of the Board of Directors of the Granada Community Services District, San Mateo County, California, held on the 4th day of August, 2022.

AGENDA MEMORANDUM

To: Board of Directors
From: Chuck Duffy, General Manager
Subject: GCSD Sewer and Parks and Recreation District Budgets -Fiscal Year 2022/23
Date: August 4, 2022

Attached for your Board's consideration is the Fiscal Year 2022/23 Sewer District budget and Parks and Recreation District budget. As discussed in prior meetings and earlier in this agenda, this budget incorporates the sewer service charge increase from \$580 per ERU to \$660 per ERU. Budget highlights include:

- Sewer Authority Mid-Coastside – SAM operates the treatment plant and intertie pipeline system which treats the District's sewage. Operational costs at SAM had increased relatively substantially in previous years, but the good news is that these past 2 years costs have remained relatively unchanged. The SAM infrastructure budget is budgeted at \$598,000. The Contract Collections Services Budget shows a decrease of \$35,000.
- The GCSD administrative budget will be \$39,000 higher than last year, due mainly to the additional staffing costs related to Delia's impending retirement and staff time for the parks and community center projects. Most other costs are stable.
- On the sewer capital projects side, we will be undertaking our second phase of our 6 year CIP program.
- On the Parks and Recreation side, I have budgeted \$300,000 for landscape design, architectural services, permitting, as well as civil engineering design for the Burnham Park.
- We will also be pursuing a loan for the cost of the proposed community center property at 480 Ave. Alhambra.

Note that property tax revenues which have previously been allocated to both the Sewer budget and the Parks and Recreation budget are now allocated solely to the Parks and Recreation District for the second year, per board direction.

GRANADA COMMUNITY SERVICES DISTRICT COMMUNITY CENTER

THIS AGREEMENT is entered into and effective on August 4, 2022, by and between the GRANADA COMMUNITY SERVICES DISTRICT (hereinafter called “GCSD”), and Group 4 Architecture, Research + Planning, Inc. (hereinafter called “GROUP 4”). The parties agree as follows:

1. **DUTIES.** GROUP 4 agrees to exercise due skill and care to perform architectural design services for the GCSD Community Center and district offices (Community Center), including but not limited to those duties identified under *Exhibit A – Scope of Services* attached hereto, and to the timeline attached hereto under *Exhibit C – Schedule of Services*, and to perform such other work as the General Manager shall from time to time assign.
2. **COMPENSATION.** In consideration for GROUP 4 providing architectural design services, GCSD agrees to pay GROUP 4 in accordance with *Exhibit B – Compensation*, attached hereto. GROUP 4 will bill GCSD monthly at the rates and for the tasks specified in the *Exhibit B – Compensation*. Payment will be made to GROUP 4 within 45 days of receipt of each monthly invoice for services rendered submitted by GROUP 4. Should GCSD not agree with a periodic billing from GROUP 4, GCSD shall notify GROUP 4 within 30 days from the date of receipt of such billing, and both parties shall act in good faith to reconcile any discrepancies. GCSD shall in any event pay the portion of the invoice not in dispute.
3. **TERM.** The term of this Agreement shall be from August 4, 2022 through and including the completion of the Community Center project, or until either party chooses Early Termination in accordance with the terms in Section 4 below.
4. **EARLY TERMINATION.** GCSD may cease to assign functions or duties to GROUP 4 at any time without the same constituting a breach of this Agreement. GCSD may abandon the project that is the subject of this Agreement or terminate this Agreement by giving 30 days prior written notice to GROUP 4 of abandonment or termination. GCSD shall pay GROUP 4 for services rendered up until the effective date of abandonment or termination. GROUP 4 may terminate this Agreement upon 30 days prior written notice if GCSD commits a material breach of this Agreement and GCSD does not cure the breach within the 30 days of written notice.

 - A. GROUP 4 agrees to indemnify, hold harmless, defend and protect GCSD, its directors, officers, officials, employees, and agents, from and against any and all claims, losses, damages, demands, liabilities, suits, costs, expenses (including attorneys’ fees), penalties, judgments, or obligations but only to the extent actually caused by the negligence, recklessness or willful misconduct of GROUP 4, its employees, subcontractors, or agents.

It is understood that the duty of GROUP 4 to indemnify and hold harmless includes the duty to defend as set forth in section 2778 of the California Civil Code. Notwithstanding the foregoing, GROUP 4's duty to defend and indemnify Authority shall be limited to that allowed pursuant to California Civil Code § 2782.8. Group 4 will reimburse GCSD its reasonable defense costs caused by Group 4's negligence not to exceed its proportionate percentage of fault and as awarded by a court of competent jurisdiction. Acceptance of insurance certificates and endorsements required under this Agreement does not relieve GROUP 4 from liability under this indemnification and hold harmless clause. This indemnification and hold harmless clause shall apply whether or not such insurance policies shall have been determined to be applicable to any of such damages or claims for damages.

B. This section 5 shall survive the termination or expiration of this Agreement.

8. INDEPENDENT CONTRACTOR STATUS. GROUP 4 and GCSD have reviewed and considered the principal test and secondary factors for determination of whether GROUP 4 is an independent contractor and not an employee and agree that GROUP 4 is an independent contractor and not an employee of GCSD. GROUP 4 is responsible for all taxes, charges, fees, insurance, benefits or contributions required to be paid or withheld on behalf of any employee or agent of GROUP 4, and GROUP 4 is not entitled to any GCSD employee benefits. GCSD agrees that GROUP 4 shall have the right to control the manner and means of accomplishing the work contracted for herein.

GCSD and/or GROUP 4 shall be entitled to invoke any remedy available under this Agreement or by law or in equity despite said forbearance or indulgence. Nor shall GCSD's or GROUP 4's waiver of any term, condition, or covenant, or breach of any term,

condition, or covenant, constitute the waiver of any other term, condition, or covenant, or the breach of any other term, condition, or covenant.

13. CONFIDENTIALITY.

A. GROUP 4's employees, agents, subconsultants, and subcontractors may be granted access to certain confidential information provided by (or contained in the records of) GCSD and/or its attorneys in the course of performing the work required under this Agreement. EXHIBIT A
SCOPE OF SERVICES

I. THE PROJECT

1. The Project consists of providing planning, design, and engineering services to the Granada Community Services District (GCSD) that serves the unincorporated areas of El Granada, Miramar and Princeton. The District provides parks and recreation services, and sewer, solid waste, and recycling services to over 2,500 residences and businesses in the District as well as the northern portion of the City of Half Moon Bay.

GCSD recently purchased a 2,800sf building on a 30,000sf parcel at 480 Avenue Alhambra in El Granada, with the intent of repurposing and expanding it to be a new community center and the District offices. The parcel is directly adjacent to the 6 acre parcel the District is in the process of developing into the Burnham Community Park. The site is centrally located and highly visible with breathtaking views and will have a direct connection to the new park.

The building is currently being used for a pre-school whose lease expires in August 2023; the intent is to complete the design and construction documents prior to that date and start the renovation and expansion of the building once vacated. The work will include programming, planning, and design work for the renovated and expanded building, engaging the community in the design process, and assisting with obtaining entitlements and permits to complete the work.

II. GENERAL INFORMATION

2. General:

- 2.A The intent of the Consultant's Basic Services is to provide programming, planning, architectural, cost estimating and outreach services for the renovation and expansion of the existing ~2,800sf building and the associated sitework located at 480 Avenue Alhambra in El Granada, California and the schematic design for a new modular restroom building that will be in the new Burnham Park that is adjacent to the new community center project.

1. **Initial services and Geotechnical Report:** review the geologic, geotechnical, and seismic conditions in the vicinity of the site. The 2019 California Building Code Site Class and spectral acceleration response parameters will be determined. Review our previous geotechnical report at the site, Inc., dated September 8, 2009. The subsurface exploration and geotechnical engineering work completed for that project will partially aid in our evaluation of the currently planned project. Reconnaissance of the site and the surrounding area to familiarize ourselves with current site conditions.
 - a. Perform subsurface exploration at the site by means of two Cone Penetration Tests (CPTs) to a depth of approximately 50 feet (or refusal conditions, if encountered), and by drilling, sampling, and logging of two exploratory borings to depths of 20 feet at the community center building or until refusal conditions. Three exploratory borings will be advanced at the proposed park to depths ranging from approximately 6 feet to 20 feet or until refusal conditions.
 - b. Laboratory testing of selected soil samples collected during subsurface exploration to aid in soil classification and to help evaluate the engineering properties and liquefaction potential of the soils encountered at the site. We expect that our laboratory testing program will include water content tests on most of the samples, tests to measure percent passing the No. 200 sieve and one Atterberg Limits test to address the plasticity of the on-site surface clays, and one R-value test for use in pavement thickness design.
 - c. Geotechnical analysis and evaluation of the resulting field and laboratory data to develop earthwork guidelines and foundation design criteria.
 - d. Prepare a report presenting the results of the investigation. The report will summarize the field and laboratory test data and present our geotechnical recommendations for community center building addition, restroom building and pedestrian bridge foundation types, depth and allowable bearing pressures. Earthwork, slab subgrade and non-expansive fill preparation, concrete slabs-on-grade, sports court and skate park construction, pavement construction, and site drainage recommendations will also be provided as necessary.
